Product Description

STIHL MS 194 C-E - 12"

STIHL took a top-rated saw and made it better. The MS 194 C-E has greater displacement, more power, and improved cutting performance versus the previous model - without adding weight and reducing user fatigue. Top that with a fuel-efficient engine for longer run times and less downtime. STIHL Easy2Start™ system provides easy starts; toolless fuel and oil filter caps make refueling and adding oil easy. The MS 194 C-E is ideal for felling small trees, tree trimming, and firewood cutting. Experience STIHL innovation at work with the MS 194 C-E.
